**FOR IMMEDIATE RELEASE**

## **TDM INSTALLS FITNESS AMENITY AT METROPOLIS**

NOVEMBER 1, 2005 – LAS VEGAS, NEVADA, USA – Turn of the century cosmopolitan elegance is revived through Las Vegas' majestic residential development: the Metropolis, located just off the Strip on Desert Inn Road overlooking the Wynn Las Vegas Golf Course. Today marks the opening of the first-class fitness facility housed within this unique structure. The Dumbbell Man (TDM) performed the amenity's installation, which features custom Cybex equipment. Dean Elyacoubi, resident and one of the first to use the on-property fitness center stated: "We have all been anxious for this day. Not only has it been well worth the wait, this room is absolutely amazing." TDM has been contracted to remain intimately involved in the project; the company's service department will provide preventive maintenance to maximize the performance of the state-of-the-art equipment.

This 20-story condominium project is home to 71 loft / flat floor plans, and has been built by renowned developer Randall Davis Company of Houston, Texas. Designed by Spencer Partnership Architects, the glass exterior with concrete accents is reminiscent of turn-of-the-century art deco, topped with stainless steel and neon lights.

The Dumbbell Man is a leading provider of commercial exercise equipment in California and Nevada. Understanding the diverse needs of customers has led to successful business relationships for over 20 years. For more information, please visit the company's web site at [www.dumbbellman.com](http://www.dumbbellman.com).
